

BISCUIT

design KAZUKO OKAMOTO

La collezione modulare BISCUIT attinge alla visione minimalista e funzionale tipica del design giapponese e, seguendo la filosofia del meno inteso come più, coniuga l'essenzialità con la modularità. La creatività progettuale della designer viene consegnata all'utente, che potrà sbizzarrirsi in infinite possibilità di ricombinazione.

The modular BISCUIT series owes to the minimal yet functional vision of Japanese design: since less is more, it combines essentiality and modularity. The designer's creativity is handed over to the user who can then indulge in endless recombination possibilities.
