

# TARA

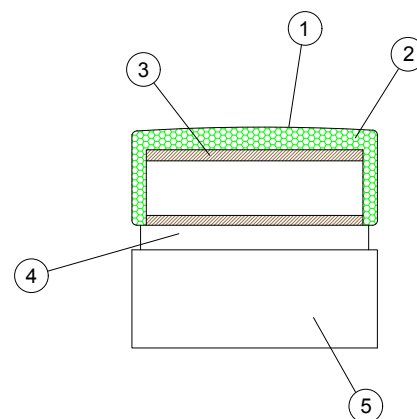

Two different versions for Tara: composed of two upholstered sections separated by a laminated wood ring, or a top upholstered seating section joined to a wooden bottom section by a chromatically contrasting wooden ring. A masterpiece of timeless elegance that will fit harmoniously into a residential setting or suit the most ambitious corporate project.

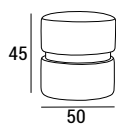

- 1 - dacron® fiber 100 gr;
- 2 - high resilience polyurethane foam of different densities;
- 3 - structural frame in plywood, fir wood and composite wood;
- 4-5 - ring/plinth in laminated plywood.
- 6 - PVC feet.

#### ENVIRONMENTAL SUSTAINABILITY

E1 plywood, fir wood and composite wood frame featuring low formaldehyde emission. Resins and adhesives free of ozone-depleting substances, CFCs and chlorinated solvents.  
All the materials are in compliance with EU 91/156 regulations on waste disposal.
