TOP SIZE

800 Dia / 700 x 700

MATERIAL

Cast Iron

AVAILABLE FINISH

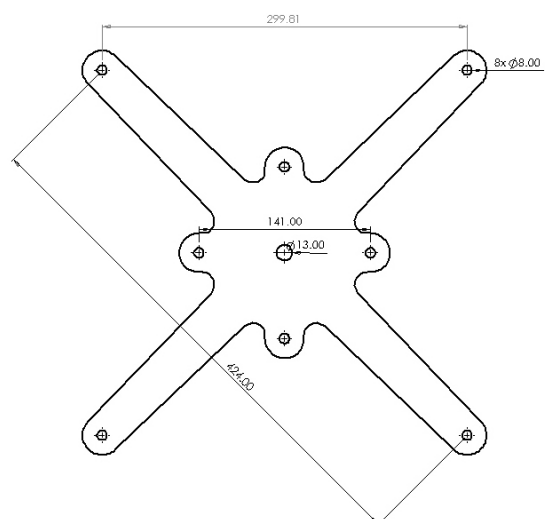

EPC Black

CLEANING INSTRUCTIONS

The best method of cleaning powder coated surfaces is simply regularly washing the surface using a solution of warm and non-abrasive, PH neutral detergent solution.

All residues must then be removed by rinsing thoroughly with clear water and wiping with a soft cloth.

All surfaces should be cleaned using a soft cloth or sponge, using nothing harsher than natural bristle brushes.
