

OMBRA

design GEA AVITABILE

L'ombra è l'alone che un oggetto proietta e che ne espande la presenza. Le ombre fanno parte del nostro vivere quotidiano, ci infondono sicurezza, e qualche volta un riparo. Spesso un'ombra mette in luce dettagli altrimenti non visibili. A questo si ispirano le geometrie della collezione Ombra, una piccola architettura che dialoga con lo spazio circostante.

A shadow is the halo around an object that extends its presence. Shadows are part of our everyday lives, giving us security and sometimes protection. Often a shadow highlights details that would otherwise be invisible. This is the inspiration behind the geometry of the Ombra series, a small piece of architecture in dialogue with the space around it.
