

ERMES

Ermes is a bunk sofa bed with two available aesthetic solutions: an unobtrusive chaiselongue, or a traditional sofa with very slim armrests and a shape that resembles a nest. The bed mechanism is very easy to use, safe and functional: two beds are always ready in just a matter of minutes.

- 1- fabric/leather;
- 2- high resiliency polyurethane foam of different densities and dacron® fiber 100 gr layer;
- 3- structural frame in composite wood;
- 4- high-resistance steel electrowelde

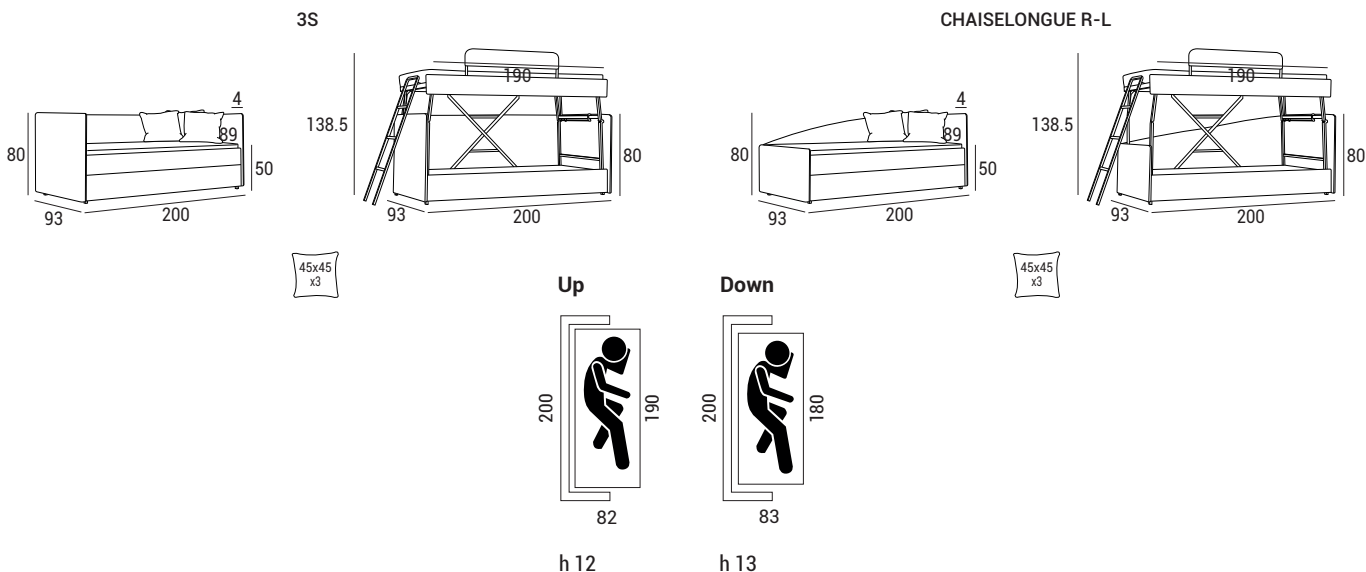

- opening mechanism with vertical lift assisted by special springs;
- 5- fire retardant or standard polyurethane mattress, h 12/13 cm, covered with antiallergic polyester lining;
- 6- steel feet.

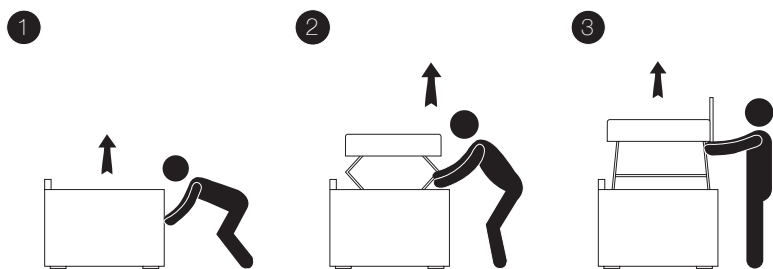

ERMES

DIMENSIONS

SOFA BED

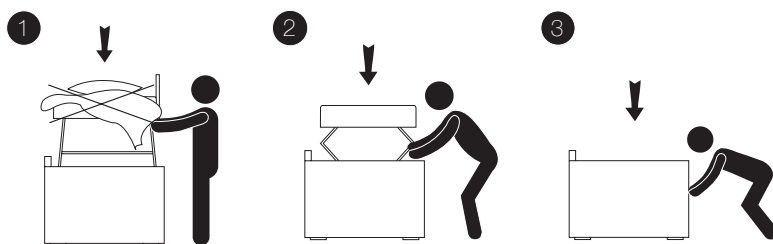

Opening

Opening folding the bed incorrectly could damage the mechanism

Before opening or closing make sure you are blocked or unlocked the double block system for safety block.

Closing

REMOVE all sheet, blankets and pillows before folding the sofa back up to avoid breaking the mechanism

SECURITY SYSTEM

Double block system for safety lock, which is placed at the mechanism frame. Additional sliding block of the rear cross.
